Rachie? Where are you headed off to sa early this morning?
!

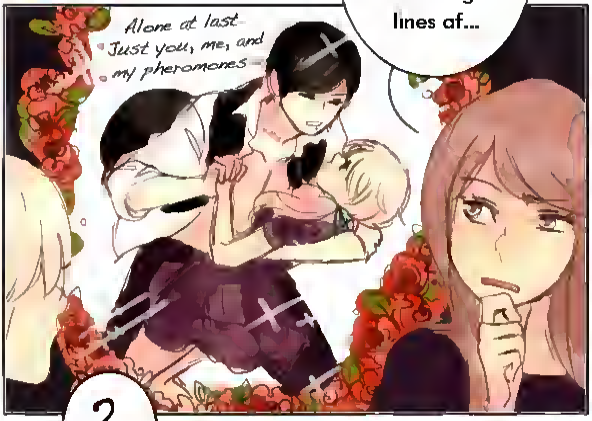
Morning, Sherry! J-just going shopping for a while!
If the

headmasters ask where I went, I'm aut running an SC errand with Dindin to get same supplies, okay?
Hah?
You and that phony prince? And I'm suppased ta believe that doesn't sound *suspicious*?!
Rachie, what's gaing an between yau and

him?
...
P-promise you won't get mad?
I just don't want you getting into anything dangerous.

Well, alright... The truth is...

I broke the rules and let Dindin keep a stray kitten in his dorm! B-but now we need to sneak pet supplies into the school!
I'm SORRY!
.... That's it?



I was thinking it was something more along the lines of...
Alone at last
Just you, me, and my pheromones
?

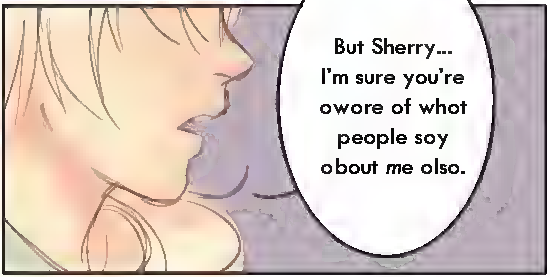
Sa it's fine?

Well, yeah. That's nat even that bad, Rachie.

Hawever, I still don't trust that guy.

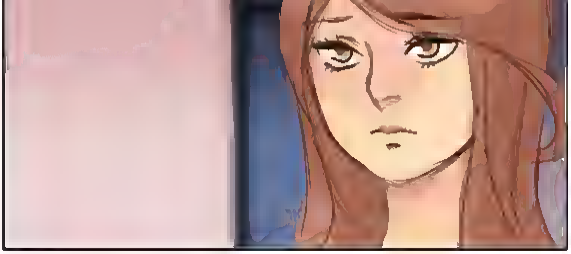
There are rumars that he

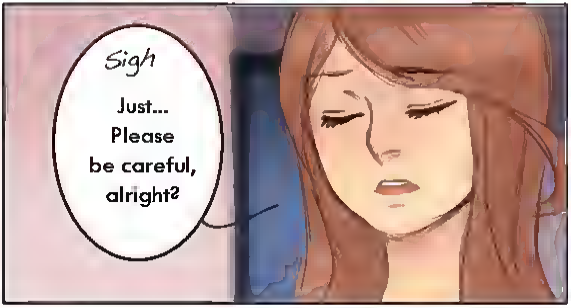
likes to mess oround with girls. I don't wont you being involved in thot.



...That I'm incompetent. That I *don't* *deserve* ta be here.
Rachie ...

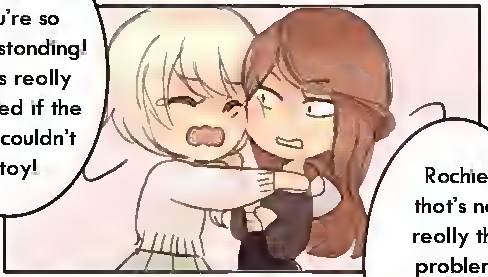
And yet you don't treat me any different regardless of what they say.
I'd like to give Dindin the benefit of the doubt and decide what kind of person he is for myself.





Sigh
Just...
Please
be careful,
alright?

Wooh! You're so understanding! I wos reolly worried if the kitty couldn't stoy!



Rochie, thot's not reolly the problem. The problem is the phony prince.

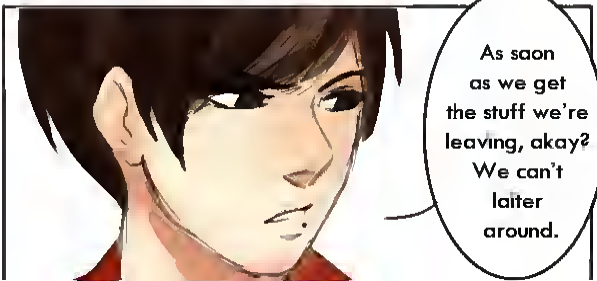
You hove to be wory if he tries moking ony odvoncements on you, okoy?

If he tries anything *funny* with *my best friend*, that sucker is going *down*!
Everything will be fine, Sherry! I promise! Dindin is harmless!

YAWN~

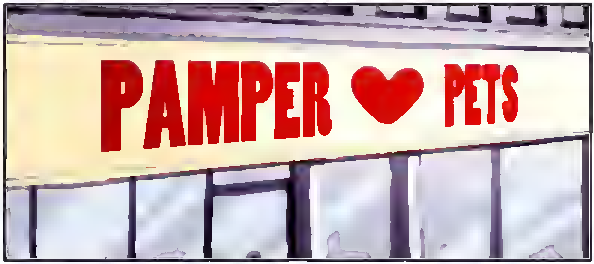
Who in the right mind gets up *this early* on a *Soturdoy*? Weekends are meant for sleeping in...
so tired...

Yup.
Totally
harmless~



As soon
as we get
the stuff we're
leaving, okay?
We can't
loiter
around.

There's more people out here than I expected...
Well, it is a public mall
Gotcha-- Ah! I found the pet store!

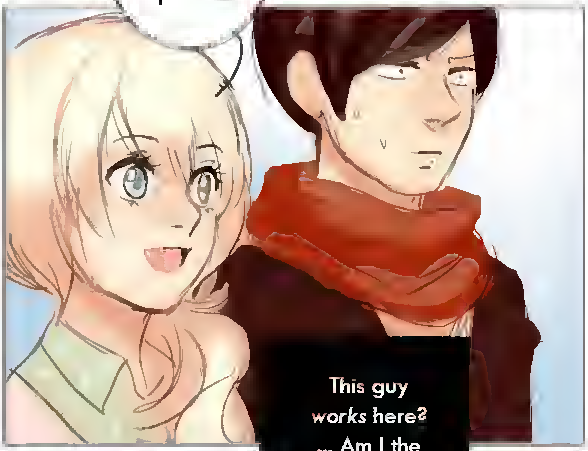


PAMPER ❤ PETS

Do you think it's a reasonable size?
places down

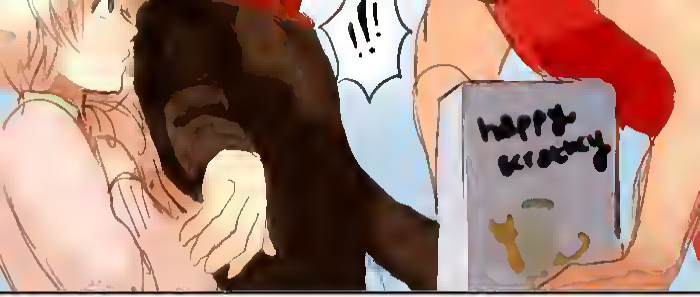
Hmm. Yeah, I'd say so. I wonder if they have a bag that's big enough far it?
Sarry far the wait. There was a problem in the fish tank aisle.

What can I help ya with?
SNEER
We'd like ta



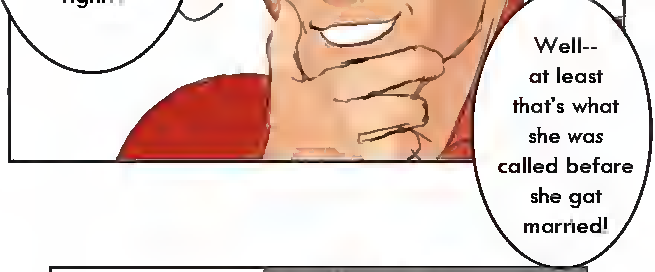
purchase this item please!
This guy *works* here? ... Am I the only one who thinks he looks like he's ready to kill someone?

Hold up! I know who ya are--

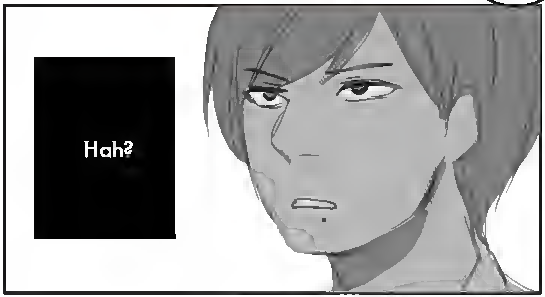


!!
Happy Birthday

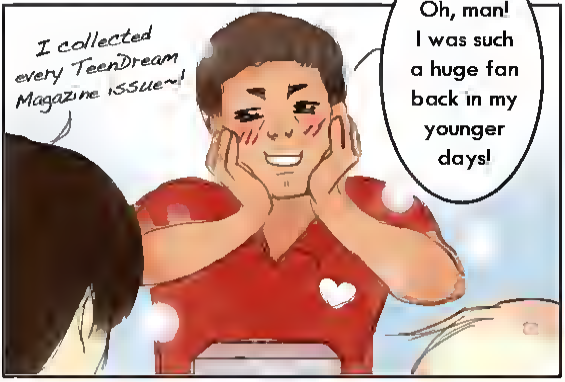
I see the resemblance now! You're the son of Jasmine Joong, the super model, right??



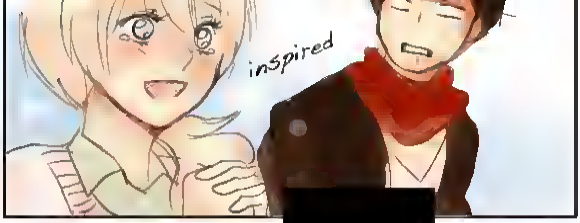
Well--
at least
that's what
she was
called before
she got
married!



Hah?



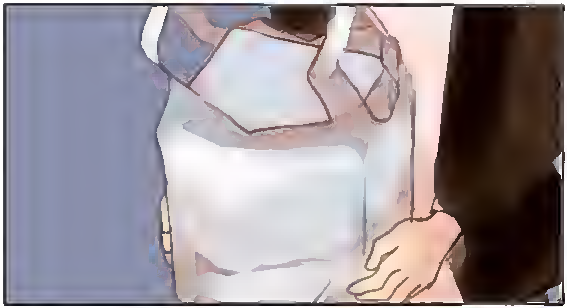
I collected every TeenDream Magazine issue~!
Oh, man! I was such a huge fan back in my younger days!
A-amazing! You must have been so dedicated!



Oh, come on! Not you too!

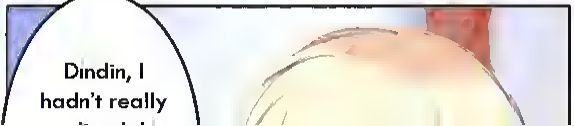
So...
In the end, he gave us a

generous discount for the purchase



I feel drained after

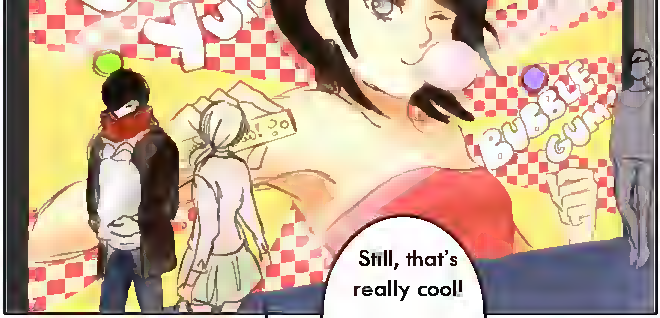
listening to his spiel.
That man was so nice!



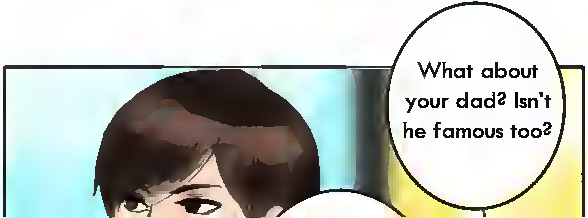
Dindin, I hadn't really

reolized this before, but you're pretty famous, huh?

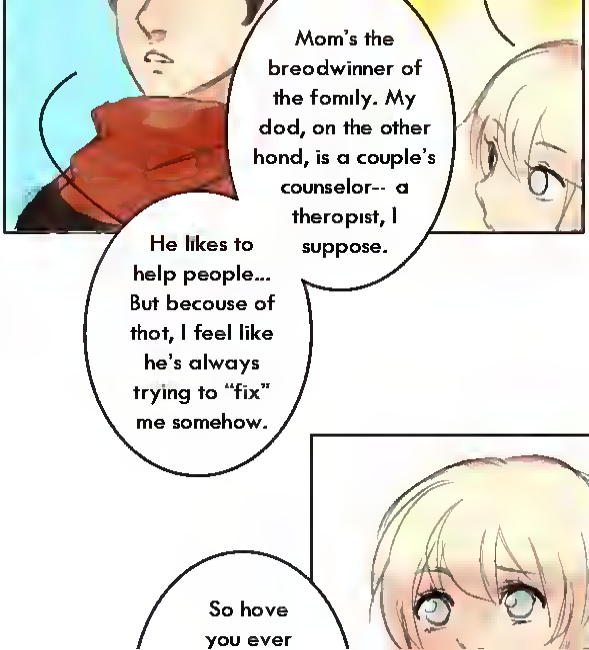
My mom and Rosalie ore the fomous ones. Me, not so much.
WOW!



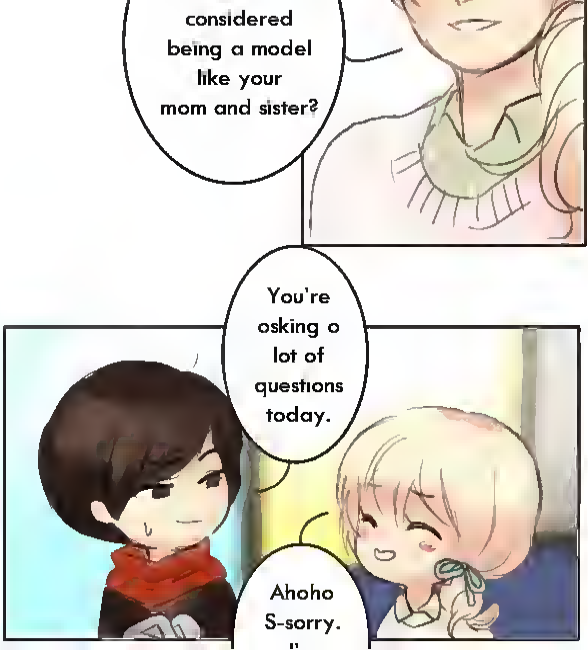
BUBBLE GUM
Still, that's really cool!
I dorm with her!



What about your dad? Isn't he famous too?



Mom's the breadwinner of the family. My dad, on the other hand, is a couple's counselor-- a therapist, I suppose.
He likes to help people... But because of that, I feel like he's always trying to "fix" me somehow.
So have you ever



considered being a model like your mom and sister?
You're osking o lot of questions today.
Ahoho S-sorry.

I'm curious!

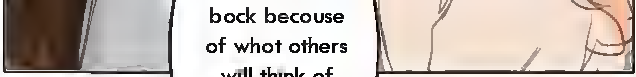
But no, I never considered being a model. I'm not interested.

Ooh. Well, I'm pretty sure you could if you wanted to though.

...
Then people would say I'm riding on the coattails of my mom and sister, wouldn't they?

But then again, since I *don't* do anything, they say it's just a waste as well.
No matter what, people are always going to find something negative to say about what you do.

That might be true, Dindin... But shouldn't it be the opinions of those you care about that matter?
I get the feeling you hold yourself



bock becouse of whot others will think of you. Like with ostronomy, for instonce.

If you're not horming onyone... And if you're hoppy, I'm sure the ones you core obout will be hoppy with whotever you do.

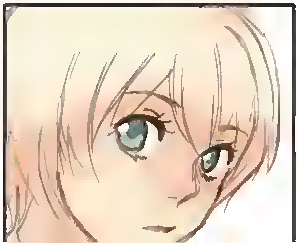
But you don't get it ... it's not that easy.

Not when you've been

practically born as an object for the public eye's amusement

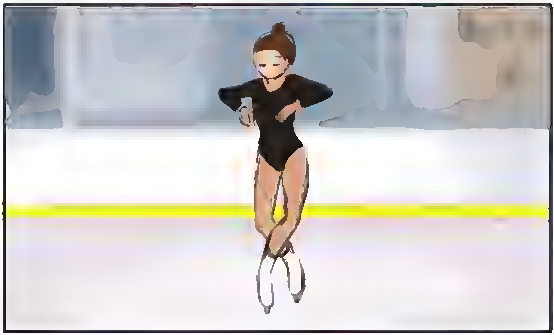
Not when you've been given expectation after expectation, only to fail and be ridiculed, gossiped about, or spat at.

Well what about you? Haven't you held back on anything?



I get the feeling that

maybe
I shouldn't
have said
anything.



There... Aren't too many people around and I think we have some time to spare.
Yes...?

Do you want to try it out?
